Books Advanced Search Today's Deals New Releases Amazon Charts Best Sellers & More The Globe & Mail Best Sellers New York Times Best Sellers Best Books of the Month Children's Books Textbooks Kindle Books **Peak vs RMS Meters - Blamp Systems**

A peak meter is a type of visual measuring instrument that indicates the instantaneous level of an audio signal that is passing through it (a sound level meter). Peak type metering is designed to respond so quickly that the meter display reacts in exact proportion to the voltage of the audio signal. This can be useful in many applications, but it should be noted that the human ear works much
