Therefore, when faced with the decision of violence versus peace, children who are punished regardless of their choice, choose to act violently (Crowell 123). Other parents simply permit their children to disobey authority. This type of parenting would be categorized as permissive parenting. The problem with this type of parenting is that the children are never held accountable for their

Abstract. It is apparent from the varied substance of the chapters in this book that aggression is an overdetermined behavior. There are genetic, constitutional, and environmental factors as well as individual learning history and specific situational events which go into determining whether a person will act in an aggressive manner at any
