Energy Policies of IEA Countries (eBook, 2001)
[WorldCat.org]

Energy Policies of IEA Countries. [OECD Publishing; International Energy Agency; IEA Staff] -- Due to Spain's geographical setting and limited domestic energy resources, security of supply is a core objective of Spanish energy policy. Energy supply grew by some 3.5% per year from 1996 to 1999.

IEA - Energy Balances of OECD Countries

The Energy Balances of OECD Countries Internet Service contains four files: Summary Energy balances, Extended Energy Balances, Conversion Factors and Economic Indicators. The first file (Summary Energy Balances) contains data on the supply and consumption of coal, oil, natural gas, electricity, heat, biofuels and waste for 34 OECD countries and five regions.
