"Killer Elite" is about the history of "The Activity" which is a special operations intelligence unit. The Activity was created to provide actionable intelligence for other special operations forces around the world. As with other books about SOFs, a lot of the material is devoted to the institutional barriers that have limited the use of this group, and the general mistrust of special

Killer Elite Completely Revised and Updated The Inside

First published in 2006, Killer Elite has been extensively updated by Michael Smith, to include new material about more recent operations in Iraq and Afghanistan, and hunt for Bin Laden. It is the killing of Osama Bin Laden that underscores one of the most important military developments of recent times, namely the vast improvement in America's special operations forces that began following the abortive Desert One attempt to rescue the hostages from Iran in 1980. That improvement was
