Marconi's Wireless and the Rhetoric of a New Technology and over one million other books are available for Amazon Kindle.

Marconi's Wireless and the Rhetoric of a New Technology ...

This book examines the discourse surrounding the wireless, created by the Anglo-Italian inventor Guglielmo Marconi. The wireless excited early twentieth-century audiences before it even became a viable black box technology. The wireless adhered to modernist values: speed, efficiency, militarization, and progress. Language surrounding the wireless is a form of technical communication, overlooked by today's practitioners. This book establishes a broader definition for technical communication.

Marconi's Wireless and the Rhetoric of a New Technology ...

The book's main themes are the following: 1) technical communication is all discourse surrounding technology; 2) the field of technical communication (or technical writing) should incorporate analyses of discourse surrounding technologies into its epistemology; 3) the wireless is a product of the society from which it comes (early

twentieth-century Western civilization), and 4) the discourse
