On Hardy-Pachpatte-Copson's Inequalities

In particular, Pachpatte established some generalizations of Hardy inequalities and . Very recently, Leng and Feng [16] proved some new Hardy-type integral inequalities. In the present paper we establish new inequalities similar to Hardy's integral inequalities (1) and (3).

Inverses of new Hilbert-Pachpatte-type Inequalities ...

We establish a new inequality of Hilbert type for a finite double number of nonnegative sequences of real numbers and some interrelated results, which are inverse and general forms of Pachpatte's and Handley's results. An integral version and some interrelated results are also obtained. These results provide some new estimates on such types of
