Consequently, the Online Information Review Special Issue on Open Knowledge Management in Higher Education is devoted to the question of how higher education institutions deal or should deal with Open Knowledge approaches.

[Knowledge Management for Higher Education, ERIC Digest.](#)

Higher education institutions have "significant opportunities to apply knowledge management practices to support every part of their mission," explains Kidwell et al (2001, p. 24). "Knowledge management should not strike higher education institutions as a radically new idea; rather it is a new spin on their raison d'etre" (p. 24). The problem is that it is such a "wide open area of study that it is difficult to understand the implications of knowledge management for an educational setting
