Power and Principle Human Rights Programming in

Power and Principle is a comparative study of how and why IGOs integrate human rights standards into their development operations. It focuses on the process of policy innovation in three UN-related IGOs: the UN Children's Fund (UNICEF,) the World Bank, and the World Health Organization (WHO). In his comprehensive analysis, Joel E. Oestreich uses case studies to demonstrate how their policies have evolved during the past two decades to reflect important human rights considerations.
