Dr. Monique Hennink is an associate professor of global health at Emory University. She has particular expertise in applying qualitative methods to public health research.

Review essay: Raymond Madden, Being Ethnographic: A Guide ...

Hennink, Hutter and Bailey's Qualitative Research Methods is structured around three cycles: the design cycle, the ethnographic cycle and the analytical cycle. Above I suggested that what is described as an ethnographic cycle might be more simply described as a fieldwork cycle. As it stands there is a danger of creating some confusion amongst the new researchers that this book is aimed at.
