The Causal Power of Social Structures addresses both the general theory of emergence and its application to the sociological concepts of social structure and human agency. In related publications and conference papers I have discussed the implications of emergence for critical realism, for the theory of structure and agency, and for the philosophy and methodology of the social sciences.

#### Review of Elder-Vass, Dave: The Causal Power of Social ...

Elder-Vass argues that an entity has emergence if it has "a causal impact that is not just the sum of the impacts its parts would have if they were not organized into this kind of whole" (p. 5), and he calls his position the "relational" theory of emergence. In a nutshell, this is the claim that "Emergent powers only exist when the parts concerned are organised into the type of whole that has
