"Without doubt, Violence, Coercion and State-Making in Twentieth-Century Mexico will propel the new wave of historical sociological research on the 'dark side' of modern state formation in Mexico even further. It is an invaluable resource and will be a central counterpoint for all present and future debate on the postrevolutionary state in Mexico."

This is the first book to put these developments in the context of post-revolutionary state-making in Mexico and to show that violence in the country is not the result of state failure, but of state-making. While most accounts of politics and the state in recent decades have emphasized processes of transition, institutional conflict resolution, and neo-liberal reform, this book lays out the increasingly important role of violence and coercion by a range of sta
